RESIDENT RESOURCE: Important Stuff to Know

BACKYARD (RECREATIONAL) FIRES

are allowed when:

- The base of the fire does not exceed 3' in diameter
- Flames do not exceed 2' in height
- Fire is contained in a fire ring of noncombustible material
- Fire ring is located at least 25' from any structure
- Water source is in close proximity
- Fire is attended until extinguished
- Burn only clean, dry wood; do not burn treated lumber, leaves, trash, furniture, etc.
- Fire may not produce smoke that causes discomfort or a negative impact to neighboring properties.

BOULEVARDS / EASEMENTS.

A boulevard is typically the property in your front yard, back 10' from the curb. It holds utilities, mailboxes, hydrants, street lights, and signs and is used for snow storage. Your yard also contains easements that allow access to cable, water, sewer, and phone. Landscaping, underground sprinklers, fencing/invisible fencing, and structures located in boulevards or easements are susceptible to damage when the city or another governmental entity uses those areas for a public purpose. Repair costs to private facilities located in those areas are the responsibility of the homeowner. Please call 651-739-5150 for information on your properties boulevards and easements.

BRANCHES / BRUSH DISPOSAL.

For a nominal fee, Public Works accepts branches / brush (under 8" in diameter). Address: 1900 Hadley. Hours: Monday-Friday, 7:30 a.m. to 3 p.m.). Please call 651-730-2740 for details.

CALL BEFORE DIGGING.

Planning to dig posts, do landscaping or gardening, or otherwise disturb or excavate soil? Call Gopher State's Call at 811 at least 48 hours **before you dig!**

FLOTATION DEVICES.

Canoes, boats, rafts, etc., may only be used on Tanners Lake located at I-94 and Geneva Avenue.

GARAGE SALES.

Each residence may have a total of 3 garage sales, running for up to 4 days, each year. This includes participation in the citywide sales held in May. Questions? Call 651-739-5150.

HOME IMPROVEMENT PROJECTS?

Call the Inspection Department about permits, building codes, safety requirements, or general

questions. The department opens at 7 a.m., Monday through Friday, from May to October: 651-739-5150.

PARKING BY MAILBOXES.

When parking on the street, please take care to not park within 10' of either side of the mailbox during these times: Monday - Saturday between 8 a.m. and 6 p.m.

PETS. Not everyone enjoys the company of pets or wants others' pets in their yard. Please take care that your pet does not disturb others or their property by: controlling barking; keeping pets restrained in your yard and on a leash when off your property; confining pets in heat; and picking up your pet's droppings.

PETS IN PARKS. For the enjoyment of all who walk, ride, or live in our parks, pet owners are reminded to hold onto their leashed dog at all times when visiting a park. Mutt Mitt dispensers are provided for ease in collecting dog waste.

PROPERTY COMPLAINTS.

Have a concern with a neighboring property? Call 651-702-5225. Please note that you need to live within 200' of the subject property -- or be able to see it from your property.

RECREATIONAL VEHICLE

STORAGE. Throughout the year, each property is allowed to keep one recreational vehicle outside; whether it's in the side or rear yard (at least 5' from property line) or on the driveway (snowmobiles from Nov 1 to April 30; other vehicles from May 1 to Nov 1). Having more recreational vehicles is fine provided only one is outside and the others are hibernating inside the garage or at off-site storage. Questions? Please call 651-702-5225.

SEWER BACK-UPS. If your property experiences a problem with the public sewer system, call Public Works at 651-730-2740 immediately -- before contacting a private drain cleaning service. Most homeowner insurance policies exclude sewer backups. The city is liable only in the event that a backup is caused by the city's negligence.

TALL GRASS. Grass needs to be kept to a maximum height of 6", cut at least every two weeks between May 15 and October 15, and weeds kept under control. This applies to all properties in the city. When the city gets a complaint about tall grass, the Weed Inspector notifies the property owner that they have five days to cut the grass; if, after that time, the grass

has not been cut, the city cuts it and the property owner is billed/assessed. To report tall grass or weeds, please use the "Report Tall Grass" form on the city's web page or call (651) 702-5225.

TRASH CONTAINERS. Except on collection day, please store your garbage/trash and recycling containers on the side or back of your house/garage or inside the garage or shed -- just not in front of your property.

TREE REMOVAL OR PRUNING. Don't go out on a limb by hiring a tree service company that is not licensed by the city. Call 651-730-2740 or go to www.ci.oakdale.mn.us and search "Tree Service".

UNWANTED NEWSPAPERS. If you would prefer to not receive the free weekly newspaper delivered to your home, please call 651-748-7833.

VOLUNTEER OPPORTUNITIES. Volunteers run elections, guide the city and county on advisory committees, teach classes, plant trees, care for parks and wetlands, assist with the Summerfest parade, grocery shop for others, and so much more. Please check out the Volunteer Opportunities at www.ci.oakdale.mn.us under "Living Here".

WARNING SIRENS. Sirens are tested at 1 p.m. on the first Wednesday of the month (March-October). The city's web site offers a variety of information on storm warnings, tornados, and more (www.ci.oakdale.mn.us, select Public Safety, Fire, Severe Weather Information).

WATERING LAWNS AND

GARDENS. Lawn care experts are now saying "watering thoroughly but infrequently" is the best course of action for a healthy yard. Great news because although it seems like Minnesota has a nearly unlimited supply of water, we now know that our natural resources are limited and need to be protected and preserved.

Water preservation is why Oakdale operates under a year round, odd-even watering schedule (even numbered house addresses can water lawns and gardens on even-numbered days, and vice versa for odd numbered addresses and dates). Questions? Please call 651-730-2740.

WILDLIFE AND WATER FOWL. Please remember that feeding wildlife or water fowl is not allowed. Bird feeders need to be at least 5' above the ground or structure.

COUNCIL CORNER: Mayor Karwoski

When I took office as mayor of Oakdale in January, it was a dream come true for me. Serving the community has always been a significant focus in my life and when the retirement of Mayor Sarrack provided me with the opportunity to take the torch from such an incredible role model and leader, I was ready -- and quite excited -- to begin this next chapter.

So many amazing things are happening in Oakdale! Over the past year, over ten new businesses have opened (see list, this page). This fall, the much anticipated Hy-Vee store will open and offer a world-class grocery store, deli, restaurant, and much more. The city is beginning to implement our new "Neighborhood Preservation and Enhancement Initiative", a multi-

faceted program designed to help keep our neighborhoods vital and strong. The program will be discussed in more detail at a workshop held in August.

As I continue this important work, the most important factor is how fortunate I am to be working side-by-side with four others on the City Council who are equally devoted to Oakdale. Much good can be accomplished when working together in an environment of mutual respect and a shared vision.

If you have ideas you would like to share or questions you would like to ask, please call me at (651) 249-7684 or stan.karwoski@ci.oakdale.mn.us I look forward to hearing from you.

Mayor Stan Karwoski

FIRE DEPARTMENT RECEIVES UPGRADED ISO RATING

The Oakdale Fire Department has received a "4" ISO rating in the organization's Public Protection Classification (PPC) Program. The rating was given after a 2014 inspection that included the fire department, the city's water supply system, and the fire department's alarm and communication system. Previously, the department's rating was a "5".

Residents and businesses should care about the local ISO rating because it can have an impact on what home and commercial property owners pay for fire insurance premiums.

Fifty-percent of the rating was based on the inspection of the fire department itself. Anderson said the inspectors looked at the location of the fire stations, fire engines, equipment carried, pumping capacity, reserve apparatus, department manning, and training. The water supply system accounted for 40 percent of the rating. That review highlighted the water supply used for fire suppression, including hydrant size, type and installation, as well as the inspection frequency and condition of fire hydrants. The department's dispatch capabilities, centering on the support for handling and dispatching fire alarms, accounted for 10 percent of the rating.

ISO – the International Organization for Standardization – develops standards to ensure that products and services are safe. Companies and organizations voluntarily comply with the standards.

BUDGET SUMMARY

One of the city's primary goals is maintaining a very conservative budget while continuing to provide a high-level of service. Provided below is a summary of the city's revenue and expenditure projections for 2015. Any time you have questions or would like additional information about the city's budget, please call the Finance Director at 651-730-2714.

ONLINE BILL PAY OPTIONS

Do you know that the city offers the convenience of electronic billing and payments for water and sewer bills, ambulance bills, assessments, building permits, and more?

For utility bills, you receive an email when your bill is ready to pay. Then simply log on at www.ci.oakdale.mn.us; or download "PSN Payments" from the App Store® or Google PlayTM; or call PSN's toll-free, automated telephone service at (877) 885-7968, anytime, day or night. You can pay by credit or debit card as well as make electronic payments from checking or savings. You can pay immediately, schedule payments, or set up Auto Pay for the amount of the bill or a set budgeted amount. Up-to-date amounts due are posted daily so you know how much you owe by going online or viewing it on the mobile app. Utility customers still have the option of having their utility bills mailed or you may choose to have bills mailed, but pay online.

To make other payments online, please use the "Pay Other Bills" button on the city's web page (www.ci.oakdale.mn.us).

Any questions can be directed to the city at (651) 501-5309, (651) 730-2710, or (651) 730-2714, or call the PSN toll-free help line at (866) 917-7368.

PEDDLER / SOLICITOR SIGN PROVIDED

Posting a "Peddlers and Solicitors Prohibited" sign is like asking a telemarketer to add you to their "Do Not Call" list. (Please note that the city's no soliciting ordinance exempts: nonprofit, religious, political, and educational organizations).

Post the sign provided below at the main entries to your home or business. Laminated signs are available at the front desk at City Hall; stop by during office hours or call 651-739-5086 to have one mailed).

If you ever have a concern with anyone going door-to-door, please call 911.

DISCOVER: Bugs & Bees

Stop by the Discovery Center through September to see our new "Bugs & Bees" display. The display features fun ways to learn about both bug and bee life through drawings, photos, games and more!

Stop by during July when Bill Johnson, whose art work has been recently shown in places such as Como Zoo, the Minnesota Landscape Arboretum and the Minnesota Zoo, will have his "Night Creatures, Insects After Dark" photography on display throughout the Discovery Center. You will be amazed at what comes out at night!

DISCOVER: Insect Pollinators, Beyond the Honey Bee

Learn about the many other groups of insects that are involved in pollination: wasps, flies, beetles, butterflies, and others will be discussed. A very timely topic as the public becomes more aware and educated about pollination. Bill Johnson, photographer of "Night Creatures, Insects After Dark", will be the presenter.

Date / time: July 25 10 to 11 a.m.
 Place: Discovery Center, 4444 Hadley Avenue
 Please call 651-747-3860 to reserve your spot

DISCOVER: Working Bee Hive

Our resident working hive-buzzing with busy bees-will be on display at the Discovery Center from May through August. View the hive (courtesy of local beekeeper AJ Moses) from the safety of indoors during Discovery Center hours.

DISCOVER: Beekeeping & Honey Extraction

Join us for our annual beekeeping and honey extraction event at the Discovery Center. Local resident AJ Moses will demonstrate how to extract honey from our live bee hive and will give tips on how to be a successful beekeeper.

Date / time: August 11 (rain date: August 12) 6 p.m.
 Place: Discovery Center, 4444 Hadley Avenue

DISCOVER: Geocaching

Explore the outdoors with the fun and exciting hobby of geocaching! Geocaching is a high tech treasure hunt using GPS units to locate hidden caches. Stop by the Discovery Center for the list of the caches located in the Oakdale Nature Preserve and discover as many as possible! *You can borrow a hand-held GPS from us too!*

DISCOVER: Nordic Walking Poles

Stop by the Discovery Center during regular business hours and check out a pair of Nordic Walking Poles at no cost! Simply present a photo I.D. and then walk away! Youth and adult sizes available.

The Discovery Center is nestled within the picturesque Oakdale Nature Preserve at 4444 Hadley Avenue. The award-winning facility provides visitors a quiet place of reflection and a unique education experience. Visit often to take in the rotating art exhibits, aquarium, "hands-on" wildlife exhibit room, and to just sit by the fire or on the patio. There is also a historic one-room schoolhouse and plenty of walking trails.

Discovery Center Hours

Monday, Tuesday, Wednesday, Friday: 8 a.m. to 4:30 p.m.; **Thursday:** 8 a.m. to 8 p.m.; **Saturday:** 12 to 4 p.m.; **Sunday:** 1 to 4 p.m.

Looking for the "natural" setting for your next function? Discover the scenic rooms at the Discovery Center. Please call 651-747-3860 or go to: www.oakdalefun.com

DISCOVER: Scavenger Hunts

Head out into the Oakdale Nature Preserve on an ALL NEW scavenger hunt that will open your eyes to nature *and* help you discover new and exciting things! The main desk at the Discovery Center has Scavenger Hunt guides. Prizes awarded! (Prizes will be age 12 and under appropriate).

DISCOVER: Tandem Bikes Accommodates Both Adults & Kids!

We have two tandem bikes you can borrow -- *for free!* All we need is your driver's license and then you and your date, significant other, friend, or family member will be ready for a "joy" ride. Bikes available during Discovery Center hours. **Helmets are provided and required.**

DISCOVERY BACKPACKS

Check out a "Discovery Backpack" and explore the Oakdale Nature Preserve. The backpack contains binoculars, a GPS unit, and everything else you need for your exciting exploration finding animal tracks, bird watching, identifying trees and flowers, and much more!

ROAD TRIP**"Singin' in the Rain" Screen Performance with the Minnesota Orchestra and Wells Fargo History Museum****July 9**

Short of dancing down a rain-splattered street, there's no better way to recapture the magic of a MGM musical than to see it on a big screen with a live orchestra performing the timeless soundtrack.

What a glorious feelin' you're going to have as the masterpiece film, Singin' in the Rain, is shown on the big screen. The film, brimming with song and dance, proved to be an award-winning on-screen performance starring Gene Kelly, Donald O'Connor and Debbie Reynolds. Under the direction of Conductor Sarah Hicks, the Minnesota Orchestra will perform music from the show, including: "Make 'Em Laugh", "Good Morning", "You Were Meant For Me" and, of course, the unforgettable title tune, "Singin' in the Rain". This is certainly going to be a most wonderful time at the movies!

**Seats are located in the left and right side (box) balconies. Balcony A, Rows 1 and 2.

ROAD TRIP**A Billion Years in the Making****July 21**

Interstate Park is composed of two adjacent state parks on the Minnesota – Wisconsin border. First stop is at the Wisconsin's Interstate Park for a short film. Learn more from exhibits depicting the frozen history and the gifts of the Ice Age. A naturalist joins the group for a driving tour of the park for further exploration of the trails, potholes, and colorful history of the St. Croix River. Then, cross the St. Croix, to Minnesota Interstate Park. See some of the more than 200 potholes drilled by the powerful waters of the Glacial St. Croix River 10,000 years ago. Take a short walk (less than half a mile) along pathways to view hidden steps from the park's early days, to savor the beauty of the area, and hear about the deepest explored pothole in the world: the 60-foot deep "Bottomless Pit"!

Lunch is scheduled at the Dalles House. From there, a brief, self-guided visit to Franconia Sculpture Park. The 20-acre park serves as an innovative community for art organizations to provide residence and work space to local, national, and international artists and has a rotating collection of over 95 contemporary sculptures.

Depart: 8:15 a.m., Walton Band Shell parking lot
Return: Approximately 4:30 p.m.
Cost: \$57 per person. Includes lunch, transportation, park tour guide
Activity Level: There will be walking on this tour. Most paths in the parks are concrete or asphalt and have been made to be accessible. Paths are mostly level, however there may be some areas with slightly unleveled surfaces. Take your time and enjoy as much as you feel comfortable and capable doing.

Choose entrée when registering: Broasted Chicken, Baked Chicken, Shaved Beef. All entree's served with garlic mashed potatoes and gravy, vegetable, coffee or water. Dessert not included.

Registration deadline and cancellation penalty begins July 7

ROAD TRIP**Fiddler Shoji Tabuchi at the Paramount Theater****August 11**

He has never had a hit record and is rarely seen on television. But Shoji Tabuchi, a country fiddler, born and raised in Japan, is a legend in Branson. He is a master violinist and is unequalled anywhere for showmanship.

For 30 years, fiddler, and world-famous violin player Shoji Tabuchi has been performing at his own theater in Branson. You now have the opportunity to see him at the Paramount Theater in St. Cloud.

While he grew up practicing and playing classical music and became famous for his remarkable talents on the violin, Shoji pursued his passion for country music to become one of the top fiddle players in the world! Shoji's show incorporates a wide variety of music styles and incredible musicianship. The show will take you on a journey from classical to country music, and leave you thoroughly entertained throughout the performance.

Depart: 10 a.m., Walton Band Shell
Parking Lot
Return: Approximately 5:45 p.m.
Cost: \$94 per person. Includes, show, transportation, lunch, tour guide
Activity Level: Easy

A buffet lunch with chicken and ham, salad bar, mashed potatoes, orange glazed carrots, and coffee or tea will be at Michael's in St. Cloud before the show.

*Due to the popularity of this show, the reservation deadline and cancellation penalty begins June 11

ROAD TRIP

Superior Findings

September 24

What a lovely time of year for a trip “up north” to take in the vistas as they begin to present their annual autumn colors (*colors not guaranteed!*) Enjoy the company of friends and new acquaintances during the ride to Superior, Wisconsin, a city that stretches across the landscape located at the head of Lake Superior, with a wide open view to Superior Bay. At the turn of the 20th century, this city was an important shipping port and a prosperous hub of industry where fortunes were made by men of vision.

Step back in time at one of America's Castles, Fairlawn Mansion. This 42 room, Victorian house museum, overlooking the bay and Lake Superior, was built in 1890 as the family home for Superior's three-time mayor, lumber and mining baron, Martin Pattison and his family.

A tour of Fairlawn provides a peek at the elegance and prosperity of Superior's early boomtown days. The Queen Anne Victorian house, features a four-story turret complete with widow's watch, gilded murals on the ceilings and frieze, a grand entrance hall, an open staircase, marble and tile fireplaces, and original leaded and stained glass windows. The third floor is dedicated to the Children's Home era from 1920 to 1962, when the mansion served as a home to the less fortunate. Consider the lifestyle of this gilded age as you dine here for lunch. Roasted pork, garlic mashed potatoes, gravy, seasonal vegetables, rolls and strawberry cream cheese cake for dessert will be served.

The Richard I. Bong Historical Center was created to honor and remember all the veterans of WWII and later conflicts whose sacrifices maintain our freedoms. Read, listen and watch from the collection that preserves the tangible legacy of these veterans and their home-front supporters. From the moment you walk in, you will travel back when ordinary people became extraordinary heroes.

Fast food breaks will be made both coming and returning and are at participant's expense, not included in tour price.

Depart: 8 a.m. Walton Band Shell Parking Lot
 Return: Approximately 6:30 p.m.
 Cost: \$78 per person. Includes lunch, admissions, transportation, tour director
 Activity Level: Easy, some steps and standing required.

Registration deadline and cancellation penalty begins Sept. 10

ROAD TRIP

Summers' Last Call

October 8

As the days of summer give way to the colors of autumn, savor in the beauty of the surroundings during a lovely, and relaxing ride to LaCrosse, Wisconsin.

The “La Crosse Queen”, is a modern day replica of the grand riverboats that used to ply the Mississippi in the early 1900s. Sit back and enjoy the sights, sounds and food during the three hour trip. Pass one of the oldest remaining swing bridges still in operation today, look for wildlife, and hear historical facts during the narration as we cruise on one of the most scenic stretches of the upper Mississippi. A very special experience awaits as the boat “locks thru” Lock and Dam #7, (“lock thru” will occur if conditions are permitting). A tasty double entree meal of Chef Carved Turkey Breast and Swedish Meatballs will be served (approximately 1:45pm) buffet-style for your enjoyment onboard the paddle wheeler.

**A comfort stop will be made both coming and returning.

Depart: 10 a.m. Walton Band Shell Parking Lot
 Return: Approximately 7:45 p.m.
 Cost: \$79 per person. Includes transportation, boat cruise, lunch, tour director
 Activity Level: Easy

Reservation deadline and cancellation penalty begins Sept. 8

MINI CAMP PROGRAM DESCRIPTIONS

Aloha Summer!

The first week of camp is finally here and we're ready to start the season with a ton of summer fun and games! We'll go "camping", make s'mores, play water games, make homemade ice cream, and even make a water balloon piñata. Join us at our all new camp as we celebrate all things summer!

Camp Carnival

We had so much fun at Camp Carnival last year, it's being brought back by popular demand! A week of all NEW activities including carnival balloon animals, bounce castle, photo booth, face painting, cupcake walk, popcorn, and of course prizes!

Camp SpongeBob

Have a blast on land and sea with SpongeBob Squarepants and friends. Join us for SpongeBob games, activities, crafts, and treats from the Krusty Krab!

Super Splatter Science

Kids are messy! Science can be too. We'll combine our messiest and biggest experiments for four days of gooey, sticky, slimy, bubbly, exploding, exciting science fun!

Ultimate Camp Games

Teamwork and challenging tribal competitions will be the theme this week. We'll create team flags, decipher codes, play ultimate Frisbee, enjoy food challenges, tie dye bandanas and play noodle tag.

Water Wipeout

Don't miss out on extreme water fun including slip-n-slides, water limbo, sponge relay races, ice cube painting, sponge darts and more water wipeout fun than you can imagine. Wear your suit and bring a towel each day.

Wizard Week

Grab your caps, hats, wands and broomsticks! Whether you're a fan of Hogwarts, Percy Jackson or Gandalf, this magical week will have many surprises in store!

Final Fling Week

Our annual "end of summer" camp. We'll revisit all of our favorites from summer plus a BBQ, carnival, luau, tournaments, prizes and more!

Your preschooler will spend the morning playing games, creating art projects, singing, and socializing. (Children must be potty trained). *Sign up for 1 week, 2 weeks, or all 8 weeks! One week free when you sign up for all 8 (in person registration only)!*

Days: Mondays through Thursdays

Time: 10 to 11:30 a.m.

Cost: \$20/week -- or sign up for all 8 weeks for only \$140!
(in person registration only)

Food allergies – Snacks are sometimes served at camp. If your child has a food allergy, please make note of it on the registration form.

SkateStart Mini-Shredder Camp for Beginners (Ages 4 to 10)

Learn the basics of skateboarding through this **awesome SkateStart** camp. This program is geared toward beginning skateboarders (ages 4-10). Using the unique *SkateStart* skateboard (provided at the camp), you will learn how to push and roll the skateboard using proper technique and foot placement. Watch your confidence soar and enjoy learning how to skate with proper form and equipment!

Each *SkateStart* skateboard uses a **revolutionary** new system that uses markings on the grip tape to indicate proper foot placement for pushing (purple), rolling (red), and ollying (orange), or PRO, to get you to the fun parts of skating quickly. These programs are also a perfect lead into more advanced skate camps offered. Other activities include: sharks and skaters, treasure hunt, and games of s.k.a.t.e

Campers need to bring a helmet, water, snack, and sunscreen; all pads and a *SkateStart* skateboard will be provided to each camper to use during class. Please wear appropriate shoes; no open toed shoes or crocs.

Rethink Recycling HOUSEHOLD CLEANING PRODUCTS

We recently celebrated Earth Day, and the challenge now is to live like every day is Earth Day. You can make small changes in your home, starting with cleaning products. Here are a few tips to take advantage of:

1. Buy and use the least toxic product. Some cleaning products carry words like "warning", "danger", or "poison". A product labeled with "caution" is the least hazardous while "poison" is the worst.
2. Limit the number of products you have by using cleaners that can clean multiple surfaces.
3. Use products with fewer ingredients and pay attention to warning labels. According to the U.S. Environmental Protection Agency, only a fraction of the registered chemicals have gone through complete testing for human health concerns. Reduce.org offers more solutions for reducing the number of toxins in your cleaning products.
4. Get rid of dangerous chemicals in an environmentally friendly way at the Environmental Center, 4039 Cottage Grove Drive in Woodbury. It is open from Noon to 7 p.m. on Tuesdays and from 9 a.m. to 2 p.m. Thursdays and Saturdays.

The Earth Day attitude of change and environmentalism has grown significantly since the first year of its existence 45 years ago. Be among those who take the ideas and efforts of Earth Day and apply them to their lives year-round!

Oakdale's recycling programs and other Environmental Management Commission activities are funded, in part, by grants from Washington County.

SEE THE LIGHT: COMMUNITY SOLAR GARDENS

Are you interested in going solar but unable to do so? Perhaps you live in an apartment or, if you own a home, you might have a shaded roof. Or maybe you've not been able to make the up-front investment of installing solar panels. Participating in a Community Solar Garden might be the answer for you!

What is a Community Solar Garden? Compare it to a community vegetable garden. In that case, several participants come together at a central location to garden. A Community Solar Garden is similar in that participants have their own share of a centrally-located project. But instead of vegetables, the result is solar energy!

How does it work? Participants (or subscribers) purchase or lease interests in a solar garden system developed by a garden operator. Once a solar garden is fully approved by Xcel Energy, the garden operator installs Solar PV panels in a sunny location to produce renewable electricity. You can then subscribe to enough solar power to

cover 120 percent of your current annual electricity usage, and your electricity bill will be credited with the electricity created by your share of the solar garden. (Your total electric use will be billed as it is currently billed, and your solar production credit will be applied against it.)

How do you become involved? To participate as a subscriber you will need to work with a garden operator that is setting up a solar garden in either Washington County or an adjacent county (Dakota, Ramsey, Anoka, or Chisago). The garden operator will manage your participation and gather the required paperwork. To stay informed about progress in the development of solar gardens, add your name to the Xcel Energy mailing list for updates by going to xcelenergy.com/Energy_Solutions. CERTs (Clean Energy Resource Teams) also has detailed information on Community Solar Gardens, including FAQs. You can connect to their website at: cleanenergyresourceteams.org/solargardens.

PRESERVE AND CONSERVE WATER

Do you know that only 1 percent of the earth's water is suitable for drinking? Ninety-seven percent of water is salt water, and the other two percent is locked in ice caps and glaciers. With everyone relying on such a small percentage of water, here are some ideas to help preserve and conserve water:

* Use plants that occurred naturally in our area prior to European settlement. They require less fertilizer, water, and pesticide use. They have a deep root system that provides better infiltration of storm runoff.

* Information on creating and maintaining your own rain barrel is available at: www.ci.oakdale.mn.us/. Click on Generation Green and then Water Quality and Conservation.

* Reduce rain water runoff (and contaminants) into wetlands and lakes by installing a rain garden in your yard. For information on how to do it,

go to: www.ci.oakdale.mn.us/. Click on Generation Green and then Water Quality and Conservation.

* Mow lawns to a height of 2 1/2 - 3 inches or taller. A longer lawn shades and protects the root system during the hot and dry periods of summer and needs less watering and fewer fertilizer applications.

* Here are some ways to detect leaks: (1) Turn off the main water valve and check the water meter. If it is still moving, water is still flowing. (2) Look at your water bill. A sudden or large fluctuation in your bill could mean you have a water leak. Contact Jill at City Hall (651) 730-2710 to review your water usage. (3) Check washer and dishwasher for worn or damaged hoses. (4) Check your toilets for leaks by placing food coloring in the tank. Wait 15 minutes. If the color appears in the bowl, there is a leak.

Evening in the Garden

Tuesday, Aug. 4, 6:30-8pm

If you only spend time in your yard when pushing the mower

...it might be time for a change.

How can you transform your yard into an outdoor living space that is attractive and family-friendly, provides wildlife habitat, and helps to protect nearby water resources? Enjoy a summer's evening with neighbors and get helpful advice from Master Gardeners and Conservation District staff.

Come to this free informal, outdoor workshop to learn how you can:

- Incorporate gardens, natural areas, and spaces for play into your yard;
- Manage drainage and erosion issues using raingardens, swales, dry creeks, and other techniques that add visual interest to your yard and help to protect local water resources;
- Create habitat for birds and wildlife on your property;
- Tap into resources available through the Washington Conservation District, your Watershed District, and Master Gardeners to get started.

This workshop is sponsored by the East Metro Water Resource Education Program, Minnesota Master Gardeners, and City of Oakdale. Thanks to Marge and Steve Sagstetter for hosting!

Stop by anytime, 6:30-8pm on Aug. 4: 1625 Hydram Ave. N, Oakdale 55128

Please RSVP to Marge Sagstetter at sagstettermom@gmail.com.
